

Helping Firefighters Save Lives

Photo: Rex and Dorothy Hunter of Conception Bay South presents Fire Chief Richard Murphy with two LIFEPAK® 500 AEDs.

On August 03, 2006, Rex and Dorothy Hunter of Co-Operators Insurance presented the Conception Bay South Fire Department with two Automatic External Defibrillators (AEDs). AEDs are portable electronic life-saving devices that analyze and, if necessary, deliver a shock to a patient during a cardiac emergency to help re-establish an effective heart rhythm. The Hunters made the donation in memory of their daughter Sandy, who passed away last December.
